

American Association for Health Education

Distinguished Service Award

Nomination and Application Form

Please submit materials with this form on top. Please type or print legibly.

Distinguished Service Award

An individual or organization outside the health education profession, making a significant contribution to health education in any form, i.e., media development, legislation, creative arts, and funding. The person or organization should have aided in the development and promotion of health education and made a national impact. A commercial organization must have made a unique contribution to the profession over and above its normal realm of activity.
